TESTIMONIALS

"The entire process from start to end was smooth and trouble free. Your team were always so responsive, nothing felt like it was ever a challenge, and of course the hampers themselves were stunning and we had a number of clients reach out to say so. I would absolutely recommend working with First Class Hampers to anyone."

Melanie
Group Manager, Digital Revenue

"The process was easy, your team was extremely helpful, and we had numerous comments back from our clients saying they were the best hampers they'd ever received – everyone loved them!"

Nicolle
Senior Alliance Manager

"The whole experience from start to finish was exemplary, especially during the delivery process, where we had a few undeliverable hampers (as our staff had typically moved house but hadn't let us know). Your team were excellent, extremely helpful and very responsive. When it comes to the hamper itself, the contents were far too delicious!"

CORPORATE BRANDING

Complimentary gift cards

Personalising your hamper is essential, so all of our hampers come with high quality complimentary gift cards. Using premium linen textured paper, we can customise each card with your logo, and a unique message, or leave them blank for a handwritten personal touch.

Branded ribbon

First impressions count as much as the lasting ones do. Luxurious 38mm double-sided satin ribbon seals every hamper. Choose from 198 different ribbon colours and customise with your own logo (printed in up to 4 colours) to align with your company branding policy. An initial set up fee applies and \$3.00 per hamper is charged thereafter.

Branded boards

For a lasting impact, why not engrave your company logo on our beautiful acacia or bamboo serving boards? There is no set up fee, with a minimum order of 10 boards required, and a \$6.95 engraving fee for each. Turn-around time is approximately 1-5 business days.

Professionally tied bows

Our finishing touches make all the difference. That's why we use experienced staff to apply your custom ribbon and hand make elegant bows that are now a signature feature of our range. This attention to detail creates an unforgettable result and guarantees a lasting impression is made.
